CLAIM
The ornamental design for a neck and shoulder massager, as shown and described.

DESCRIPTION

FIG. 1 is a frontal perspective view of a neck and shoulder massager, having a housing and two handle, including features shown in broken lines that are not part of the claimed design.

FIG. 2 is a top plan view thereof.

FIG. 3 is a bottom plan view thereof.

FIG. 4 is a rear elevation view thereof.

FIG. 5 is a front elevation view thereof.

FIG. 6 is a right side elevation view thereof.

FIG. 7 is a left side elevation view thereof; and,

FIG. 8 is a frontal perspective view thereof depicted in use by a person shown in broken lines.

The broken lines portraying a control panel and the person shown in FIG. 8 are for illustrative purposes only and form no part of the claimed design. The broken lines alongside seams and edges of the housing of the massager and the two handles of the massager represent stitching and are part of the claimed design.
