(54) Title: CELLULAR TELEPHONE CAPABLE OF UPLOADING A TELEPHONE DIRECTORY TO A SERVER FOR BACKUP OR FOR SHARING IT WITH OTHER TELEPHONES

(57) Abstract: A cellular telephone (120), system and method are provided which are capable of transferring a portion of or an entire telephone directory consisting of a plurality of telephone numbers to another cellular telephone (120) via a remote central station (110). The remote central station receives the telephone directory and stores the same in memory (130) for either temporary or permanent storage. The telephone directory can then be transferred from the remote central station (110) to the same or another cellular telephone (120) for storing the telephone directory within a memory (300) of the cellular telephone. An individual, a company, or other entity, utilizing the remote central station (110), in order to store and transfer a telephone directory from a cellular telephone (120) to the same cellular telephone (120) or to at least another cellular telephone (120), pays a fee to at least one operator of the remote central station (110) for providing and/or performing the receiving, storing and transferring services.

INTERNATIONAL SEARCH REPORT

International Application No

PCT/US 03/24910

A. CLASSIFICATION OF SUBJECT MATTER
 IPC 7 H04M1/2745 H04Q7/32

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)

IPC 7 H04M H04Q

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)

EP0-Internal

C. DOCUMENTS CONSIDERED TO BE RELEVANT

Category *	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.
X	WO 01 44911 A (KONINKL PHILIPS ELECTRONICS NV) 21 June 2001 (2001-06-21) abstract; figure 1 page 2, line 1 - page 3, line 5 page 4, line 19 - page 5, line 27 page 6, line 29 - page 7, line 22 page 9, line 1 - line 10 ---	1-30

☒ Further documents are listed in the continuation of box C.

☒ Patent family members are listed in annex.

* Special categories of cited documents:

- *A* document defining the general state of the art which is not considered to be of particular relevance
- *E* earlier document but published on or after the international filing date
- *L* document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
- *O* document referring to an oral disclosure, use, exhibition or other means
- *P* document published prior to the international filing date but later than the priority date claimed

- *T* later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
- *X* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
- *Y* document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.
- *&* document member of the same patent family
