CLAIM

The ornamental design for a multi-pouch fanny pack, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a multi-pouch fanny pack showing my new design, as seen from its top, rear, and left side;

FIG. 2 is a top plan thereof;

FIG. 3 is a rear elevation thereof;

FIG. 4 is a front elevation thereof;

FIG. 5 is a left side view thereof;

FIG. 6 is a right side view thereof; and,

FIG. 7 is a bottom plan thereof.

Herein, references to the rear, front, left side, and right side refer to the pack as it would be normally belted onto a person.

Broken-line showings of belts, belt buckles, and a water bottle are for illustrative purposes and do not form parts of my claimed design.
