CLAIM

The ornamental design for a head mounted device for augmented reality, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, right side perspective view of the head mounted device for augmented reality;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a back elevational view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a top plan view thereof; and,

FIG. 7 is a bottom plan view thereof.

The broken lines in the drawings depict portions of the head mounted device for augmented reality that form no part of the claimed design.
