(57) **CLAIM**

The ornamental design for a computing device display screen with computer-generated layout for a contacts interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a computer-generated layout for a contacts interface for a computing device including a toggle feature for altering a view of the contacts interface, under an embodiment.

The broken lines shown in the drawings are for the purpose of illustrating a display screen of a computing device, text, and other images, and form no part of the claimed design.
