The ornamental design for a "lid for a disposable drink cup," as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a lid for a disposable drink cup shown mounted on a cup and illustrating my new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a right side elevational view thereof with a partial cutaway of a side wall thereof, to reveal an interior ornamental portion, the left side elevational view being a mirror image thereof;

FIG. 5 is a rear elevational view thereof with a partial cutaway of the side wall to reveal a further aspect of the interior ornamental portion;

FIG. 6 is a side elevational view thereof as viewed from any side position as the side wall of the lid is circularly uniform; and,

FIG. 7 is a cross sectional view thereof taken along line 7—7 in FIG. 1.

The broken line environmental structure is for illustrative purposes only and forms no part of the claimed design.
