UNITED STATES PATENT OFFICE.

CORNELIUS A. WALL, OF GRAND RAPIDS, MICHIGAN.

IMPROVEMENT IN CARD-RACKS.

Specification forming part of Letters Patent No. 120,134, dated October 17, 1871.

To all whom it may concern:

Be it known that I, CORNELIUS A. WALL, of Grand Rapids, in the county of Kent and State of Michigan, have invented a new and valuable Improvement in Card-Holders; and I do hereby declare that the following is a full, clear, and exact description of the construction and operation of the same, reference being had to the annexed drawing making a part of this specification and to the letters and figures of reference marked thereon.

Figure 1 of the drawing is a perspective view of a vertical section of my invention.

This invention has relation to a device for holding business cards and the like; and the novelty consists in forming or folding a piece of cloth, paper, or other material into a number of pockets adapted to hold and display business or visiting-cards, photographs, and the like, and surrounding said device with a frame.

In the accompanying drawing illustrating this invention, A represents a piece of cloth, paper, or other suitable material gathered into a

number of pleats, B, forming intervening pockets B'. These pockets are designed for the purpose of holding cards, photographs, or the like, in order to display them. This pleated cloth is affixed to a frame, C, and is then hung or placed in the proper position.

The object is to provide a simple and neat card-holder into which cards may be easily placed and removed.

What I claim as my invention, and desire to secure by Letters Patent, is—

The card-holder herein described, consisting of the rigid frame C and the single piece of paper or cloth A folded to form a series of horizontal pockets B B', substantially as specified.

In testimony that I claim the above I have hereunto subscribed my name in the presence of two witnesses.

CORNELIUS A. WALL.
