[57] **CLAIM**

The ornamental design for a portion of a screen of a programmed computer system, as shown and described.

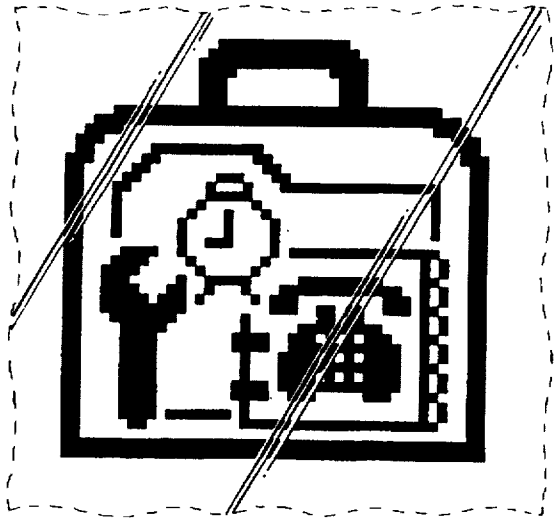

DESCRIPTION

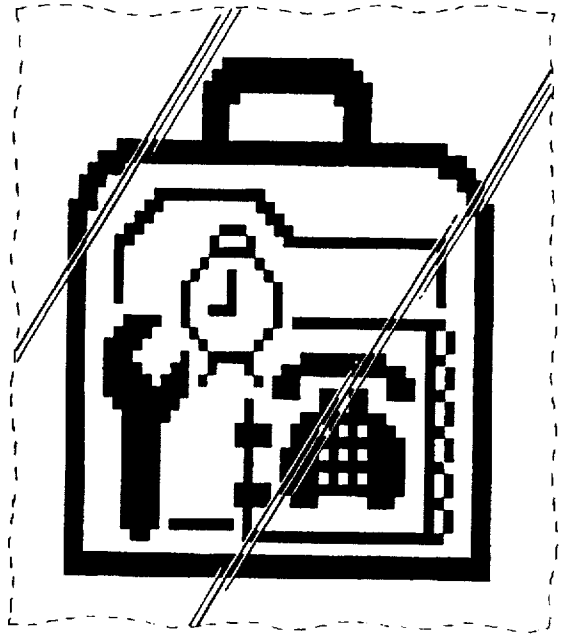

FIG. **1** is a front elevational view of a portion of a screen of a programmed computer system showing a first embodiment of our new design; and,

FIG. **2** is a front elevational view of a second embodiment thereof.

The broken-line disclosure of the unclaimed edge of the screen portion is for illustrative purposes only and forms no part of the claimed design.
