(57) **CLAIM**

The ornamental designs for components of a BTE prosthesis, as variously shown and described in FIGS. 1-7.

DESCRIPTION

FIG. 1 is a perspective view looking from an elevation above the top from the left side in front of the components of a BTE prosthesis accordance with a first embodiment of the design, in particular, a replaceable battery component of a BTE prosthesis;

FIG. 2 is a Left Side view in accordance with the first embodiment of the design;

FIG. 3 is a Right Side view in accordance with the first embodiment of the design;

FIG. 4 is a Front Side view in accordance with the first embodiment of the design;

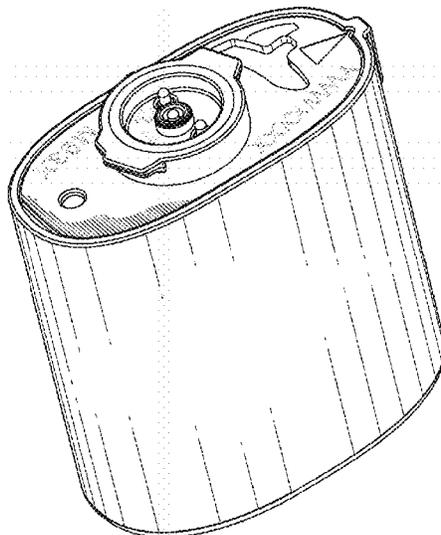

FIG. 5 is a Back Side view in accordance with the first embodiment of the design;

FIG. 6 is a Top view in accordance with the first embodiment of the design; and,

FIG. 7 is a Bottom view in accordance with the first embodiment of the design.

The features in dashed lines correspond to environment and do not form part of the claimed design. The dot-dashed lines correspond to boundary lines of the claimed subject matter.

1 Claim, 7 Drawing Sheets
