(57) **CLAIM**

The ornamental design for an air handling template, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of a tractor trailer equipped with the air handling template, it being understood that the broken lines are for illustrative purposes only and form no part of the claimed invention.

FIG. 2 is perspective view of a air handling template in accordance with the present invention;

FIG. 3 is a front view of a air handling template in accordance with the present invention;

FIG. 4 is a top view of a air handling template in accordance with the present invention;

FIG. 5 is a right side view of a air handling template in accordance with the present invention, the left side view being a mirror image thereof;

FIG. 6 is a back view of a air handling template in accordance with the present invention;

FIG. 7 is a bottom view of a air handling template in accordance with the present invention; and,

FIG. 8 is an unfolded view of a air handling template in accordance with the present invention.

FIGS. 2-8 are shown on an enlarged scale.
