UNITED STATES PATENT OFFICE.

EDMUND F. HAWKINS, OF YAPHANK, NEW YORK.

DESIGN FOR A GAME-BOARD.

SPECIFICATION forming part of Design No. 33,152, dated September 4, 1900.

Application filed July 25, 1900. Serial No. 24,823. Term of patent 14 years.

To all whom it may concern:

Be it known that I, EDMUND F. HAWKINS, of Yaphank, in the county of Suffolk and State of New York, have invented and produced a new and original Design for a Game-Board, of which the following is a specification, reference being had to the accompanying drawing, which represents a perspective view of a game-board embodying my design.

5 The design in its entirety comprises a base *a*, presenting a beveled straight front edge and a rounding or curved rear edge, with a bead *b* running around the side and rear edges, and, further, presents the appearance on its base of a row of arches *c*, near

15

the front, while post-like figures *d* appear at the rear, in company with an arch *e*, sustaining a bell-shaped figure *e'*.

The leading features of the design are the base *a*, showing a beveled front edge, the 20 arches *c*, post-like figures *d*, and element *e*.

Having thus described my invention, what I claim as new, and desire to secure by Letters Patent, is—

The design for a game-board, as herein 25 shown and described.

EDMUND F. HAWKINS.
