CLAIM

(57) What is claimed is the ornamental design for a display screen with graphical user interface, as shown and described herein.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface showing a first embodiment; and, FIG. 2 is a front view of a display screen with graphical user interface showing a second embodiment thereof. The broken line showing of the device illustrates environmental structure and forms no part of the claimed design. The broken line showing of the display screen and portions of the graphical user interface illustrate portions of the article and form no part of the claimed design.

1 Claim, 2 Drawing Sheets
