By H. W. Haffner

Attorney
To all whom it may concern:

Be it known that I, GEORGE D. SAILER, a citizen of the United States, residing at Jeannette, in the county of Westmoreland, State of Pennsylvania, have invented a new, original, and ornamental Design for a Transparent Glass Dish, of which the following is a specification, reference being had to the accompanying drawing, forming a part thereof.

Figure 1 is a perspective view of a transparent glass-dish showing my new design, and Fig. 2 is a horizontal section.

The important feature of my design consists in the formation of concave panels with ridges separating these on the outside of a transparent dish of any shape, said panels giving a peculiar effect due to the transparency of the glass.

I claim:
The ornamental design for a transparent glass dish as shown and described.
