(57) **CLAIM**

The ornamental design for a reticle, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a reticle showing my new design
with an optical medium of a firearm optical sight provided
in broken lines;

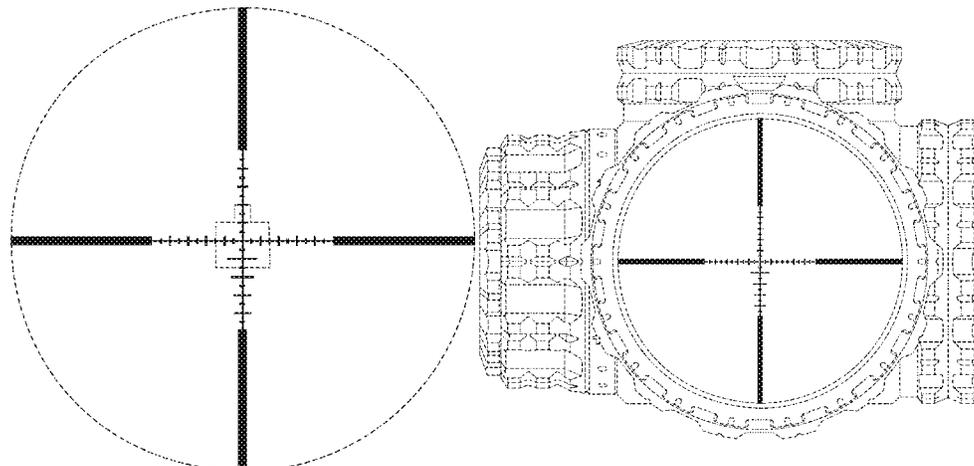

FIG. 2 is another front view of the reticle with an optical
medium of a firearm optical sight provided in broken lines;

FIG. 3 is another front view of the reticle with an optical
medium of a firearm optical sight and a firearm optical sight
provided in broken lines; and,

FIG. 4 is a perspective view of an environment for use with
the reticle for an optical medium.

The broken lines showing of the optical medium in FIGS. 1
and 2 are for illustrative purposes only and form no part of
the claimed design. The broken lines showing of the optical
medium and the environmental structure of a firearm optical
sight in FIG. 3 are for illustrative purposes only and form no
part of the claimed design. The additional broken lines
showing the environmental structure seen beyond the reticle
in FIG. 2 are for illustrative purposes only and form no part
of the claimed design. The broken lines showing the envi-

(Continued)

ronmental structure of a firearm optical sight in FIG. 4 are for illustrative purposes only and form no part of the claimed design.
