(57) **CLAIM**

I claim the ornamental design for a display screen with a cognitive search graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with a cognitive search graphical user interface of the present invention.

The broken line showing of the display screen is for the purpose of illustrating the environment and forms no part of the claimed design. The broken line showing of elements on the display screen illustrates portions of the article and forms no part of the claimed design.
