(54) **A projectile fitted with at least one stand-off means.**

(57) A projectile (1) fitted with at least one stand-off means (8, 9), having two shaped explosive charges (2, 3). The stand-off means (8, 9) includes an ejectable rod (9) with an impact sensor (15) which is in signal operative connection with a fuze (4) for initiating one of the charges. The rod (9) is in an ejected position excentrically orientated relative to the longitudinal axis (10) of the projectile and is preferably inclined inwards towards this.

ing one of the charges. The rod (9) is in an ejected position excentrically orientated relative to the longitudinal axis (10) of the projectile and is preferably inclined inwards towards this.
