CLAIM

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image of a display screen or portion thereof with animated graphical user interface showing our new design;
FIG. 2 is a front view of a second image thereof;
FIG. 3 is a front view of a third image thereof;
FIG. 4 is a front view of a fourth image thereof; and,
FIG. 5 is a front view of a fifth image thereof.
The broken lines in the drawings illustrate an environmental electronic device and its display screen or portion thereof with a graphical user interface that forms no part of the claimed design.
The subject matter in this application includes a process or period in which an image changes into another image. This process or period forms no part of the claimed design.
