(57) **CLAIM**

The ornamental design for a broom and tool holder mountable on a planar vertical surface, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of my new design for a broom and tool holder mountable on a vertical planar surface;
 FIG. 2 is a bottom plan view of the broom and tool holder;
 FIG. 3 is a front elevational view of the broom and tool holder;
 FIG. 4 is a rear elevational view of the broom and tool holder; and,
 FIG. 5 is right-side elevational view of the broom and tool holder, the left side elevational view thereof being a mirror image of the right-side elevational view.
