(54) Title: LIVE EVENT SOCIAL NETWORKING SYSTEM

(57) Abstract: Embodiments of the invention provide a method for location-based social networking including creating a user profile. In some embodiments, creating the profile can include receiving user data, storing the data in a database, and distributing a reward to the user for creating the profile. The method can include determining a location of the user using one of a global positioning system (GPS) and data input from the user and displaying at least one event. In some embodiments, the selection of the event can be based on the location of the event. In some embodiments, the method can include receiving an event check-in instruction from the GPS or the user and distributing another reward to the user. Also, the method can include receiving and displaying a user comment regarding the event. In some embodiments, the method can include transmitting the comment to a social networking account.

A. CLASSIFICATION OF SUBJECT MATTER**G06Q 50/00(2006.01)i, G06Q 30/00(2006.01)i**

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)

G06Q 50/00; G06F 7/00; G06F 17/30

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Korean utility models and applications for utility models

Japanese utility models and applications for utility models

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)

eKOMPASS(KIPO internal) & Keywords: social network, event, reward, profile, location

* Special categories of cited documents:

"A" document defining the general state of the art which is not considered to be of particular relevance

"E" earlier application or patent but published on or after the international filing date

"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of citation or other special reason (as specified)

"O" document referring to an oral disclosure, use, exhibition or other means

"P" document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention

"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art

"&" document member of the same patent family
