[57] **CLAIM**

The ornamental design for a turret stacker, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation of a turret stacker showing my new design, the rear elevation being identical, with the left arm shown in its raised position and the right in its lowered position;

FIG. 2 is a top plan view thereof;

FIG. 3 is a left end elevation thereof;

FIG. 4 is a right end elevation thereof; and

FIG. 5 is a perspective view thereof.

The rear elevational illustration is the mirror image of that shown in FIG. 1. The protruding arms of the turret stacker on either side of the central pedestal as shown in FIG. 1 can be raised or lowered and, as shown in FIG. 1, the left arm is shown in a raised position while the right arm is shown in its lowered position.
