## DESIGN FOR A DRESS ENSEMBLE

Charles Darnell, New York, N. Y.

Application September 11, 1940, Serial No. 94,956

Term of patent 3½ years

*To the Commissioner of Patents:*

Be it known that I, Charles Darnell, a citizen of the United States, residing at 36 Central Park South, New York city, in the county of New York and State of New York, have invented a new, original, and ornamental Design for a Dress Ensemble, of which the following is a specification, reference being had to the accompanying drawing, forming a part thereof.

Figure 1 is a front view of a dress ensemble, showing my new design;

Figure 2 is a front view of the dress section;

Figure 3 is a rear view of the dress and

Figure 4 is a rear view of the jacket.

The characteristic features of the present design reside in the sequin trimmed panels on the front of the jacket, which panels extend down from the shoulders, each panel having sequins covering the entire area thereof; and the sequin trimmed collar, cuffs and waist band portions of the dress, as shown.

I claim:

The ornamental design for a dress ensemble, substantially as shown and described.

CHARLES DARNELL.
