OUTDOOR LIGHTING FIXTURE

Samuel J. Zagel, Chicago, Ill., assignor to Compco Corporation, Chicago, Ill., a corporation of Illinois

Filed Oct. 12, 1961, Ser. No. 67,053

Term of patent 14 years

(Cl. D48—31)

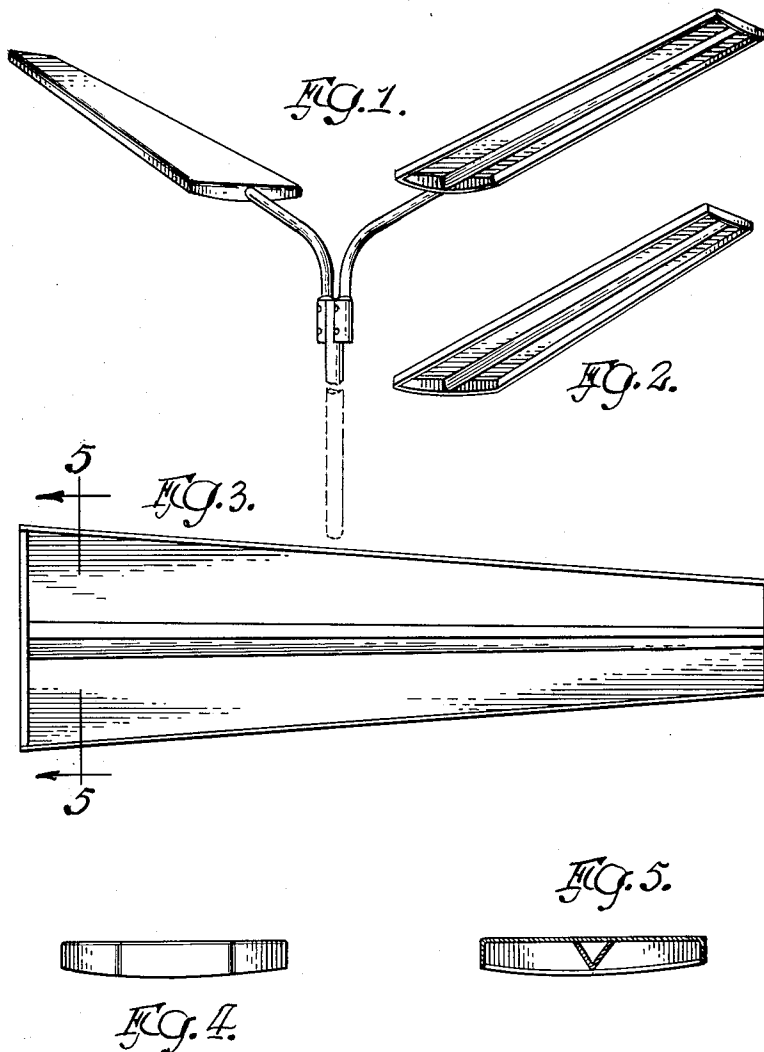

FIG. 1 is a perspective view of an outdoor lighting fixture, showing my new design with the standard shown broken away in part to indicate indeterminate length;

FIG. 2 is a perspective view of one of the light members with the remaining portions of the fixture omitted for convenience of illustration only;

FIG. 3 is an enlarged elevation thereof as shown in FIG. 2; and

FIG. 4 is an end elevation thereof as seen from the right of FIG. 2.

FIG. 5 is a sectional view such as would be seen along the sight line 5—5 of FIG. 3.

The dominant feature of my design resides in the portions shown in full lines, which portions are characterized by the specific figuration of the reflector members in combination with conventional support arms, as shown more particularly in FIG. 1.

I claim:

The ornamental design for an outdoor lighting fixture, as shown and described.
