DESCRIPTION

FIG. 1 is a side view of an embodiment of my design of a fence post having one hole for accepting rails;

FIG. 2 is a front view thereof;

FIG. 3 is a side view of a second embodiment of my design of a fence post having two holes for accepting rails;

FIG. 4 is a front view thereof;

FIG. 5 is a side view of a third embodiment of my design of a fence post having three holes for accepting rails;

FIG. 6 is a front view thereof;

FIG. 7 is a side view of a fourth embodiment of my design of a fence post having four holes for accepting rails; and,

FIG. 8 is a front view thereof.

The claimed design is broken near the lower end in each view to indicate indeterminate length.
