DESIGN FOR A TEXTILE FABRIC OR SIMILAR ARTICLE

Marcel Christen, New York, N. Y.

Application November 17, 1937, Serial No. 72,954

Term of patent 3½ years

*To all whom it may concern:*

Be it known that I, Marcel Christen, a citizen of the United States, residing in the Borough of Bronx, city of New York, county of Bronx, and State of New York, have invented a new, original, and ornamental Design for a Textile Fabric or Similar Article, of which the following is a specification, reference being had to the accompanying drawing forming part thereof.

The drawing is a plan view of a textile fabric or similar article, showing my new design.

The area within the dot-and-dash lines shows one complete unit of the design. The repeats are arranged in vertical rows and adjacent vertical rows of one-half a complete unit offset, so that the angle of the complete unit indicated by letter "A" corresponds with angle "B" of one of the repeats in an adjacent vertical row.

I claim:

The ornamental design for a textile fabric or similar article, as shown and described.

MARCEL CHRISTEN.
