(57) **CLAIM**

The ornamental design for an overhead multifunctional light unit, as shown and described.

**DESCRIPTION**

FIG. 1 is a bottom perspective view of an overhead multifunctional light unit, showing my new design; FIG. 2 is an end elevational view of the overhead multifunctional light unit, opposed end views being mirror images of one another; FIG. 3 is a right side elevational view of the overhead multifunctional light unit, a left side elevational view being a mirror image thereof; and, FIG. 4 is a bottom plan view of the overhead multifunctional light unit, the top plan view of the overhead multifunctional light unit being unornamented.

The broken lines in the drawings indicate portions of the overhead multifunctional light unit which form no part of the claimed design.
