CLAIM

The ornamental design for a display screen of a computing device with transport provider graphical user interface, as shown and described herein.

DESCRIPTION

The FIGURE is a front view of a display screen of a computing device with transport provider graphical user interface.

The broken lines shown in the drawings are for the purpose of illustrating a display screen of a computing device, text, and other images, and form no part of the claimed design. The outer edge of the portion of the display screen is understood to be congruent with the outer edge of the graphical user interface.
