

No. 665

Des. 665

Francis Keller & Elias Young, of
Cincinnati, O.
Letters Patent, No. 665, Dated Aug. 15th, 1854

The schedule referred to in these Letters Patent and making part of the same

To all whom it may concern:

Know Ye: that we Francis Keller, and Elias Young of the firm of Keller and Young of the city of Cincinnati, County of Hamilton and State of Ohio, have invented and produced a new design for cooking stoves made of cast iron or other metal, and we hereby declare that the figure proportions and ornaments are accurately described as follows reference being had the annexed drawings forming a part of this specification in which Fig. 1. represents an elevation of the left side. Fig. 2, an elevation of the right side, Fig. 3, a plan, and Fig. 4 a front elevation.

What we claim and wish to secure by Letters Patent is the general form and proportions combined with the mouldings figures and ornaments substantially as above described the said figures ornaments and panels being in alto, in mezzos or in bas relief.
