(57) CLAIM

The ornamental design for a wound care electrosurgical wand, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a wound care electrosurgical wand, showing our new design;
FIG. 2 is a right side elevation view thereof;
FIG. 3 is a top elevation view thereof;
FIG. 4 is a bottom elevation view thereof;
FIG. 5 is a front elevation view thereof;
FIG. 6 is a back elevation view thereof; and,
FIG. 7 is a front perspective view the wound care electrosurgical wand shown in an environment.

The left side elevation view has been omitted as it is a mirror image of the right elevation view presented.
The broken lines shown in the figures represent portions of the wound care electrosurgical wand that form no part of the claimed design. The broken lines shown portions of the hand detail and the tubular members are included for the purpose of illustrating the wound care electrosurgical wand in use and form no part of the claimed design. The broken lines form no part of the claimed design.
