(57) **CLAIM**

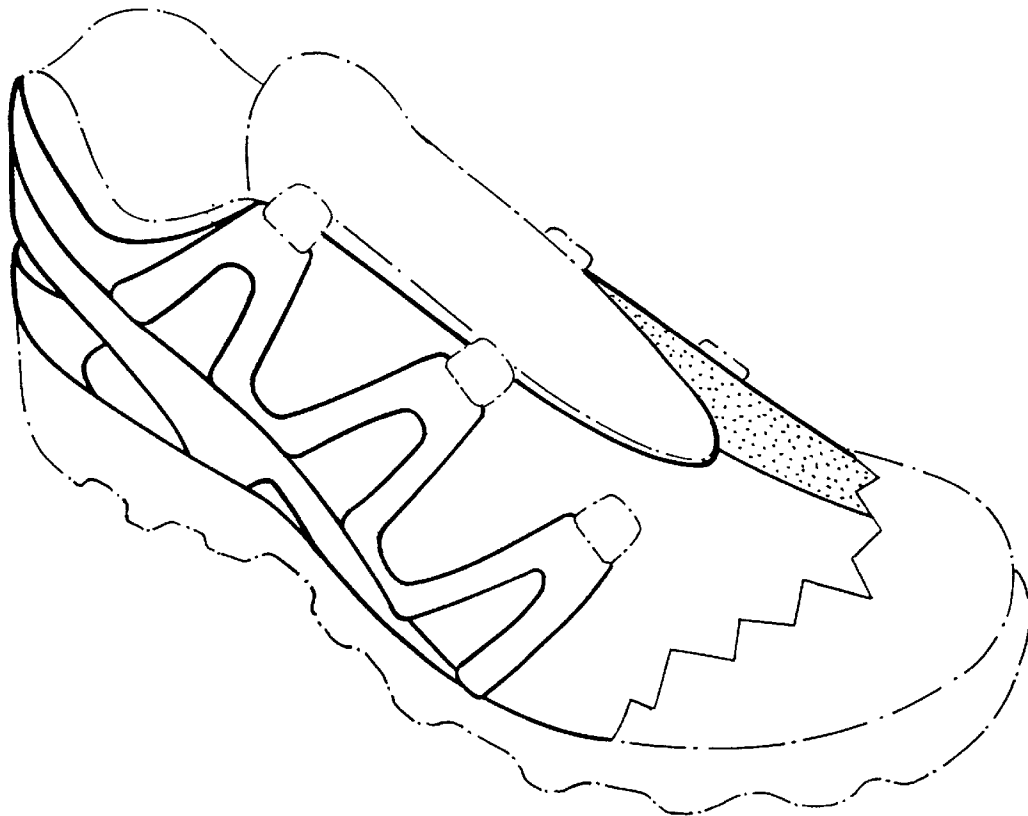

I claim the ornamental design for a footwear upper portion, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a footwear upper portion, seen from the front and right side thereof, showing my new design;
FIG. 2 is a perspective view of the footwear upper portion of my design, seen from the rear and right side thereof;
FIG. 3 is a right side view thereof; and,
FIG. 4 is a top view thereof.

The broken line showing of the sole and other parts of the footwear upper portion is for illustrative purposes only and forms no part of the claimed design.
The unstippled right side of the footwear upper portion and the stippled left side of the footwear upper portion is indicative of a difference in contrast and/or color.
Except for the aforementioned difference in contrast and/or color, the left side view is substantially a mirror image of the right side.
