UNITED STATES PATENT OFFICE

164,407

CASSEROLE OR SIMILAR ARTICLE

R. Guy Cowan, Fayetteville, N. Y., assignor to Onondaga Pottery Company, Syracuse, N. Y., a corporation of New York

Application July 13, 1950, Serial No. 11,135

Term of patent 14 years

(Cl. D44—10)

To all whom it may concern:

Be it known that I, R. Guy Cowan, a citizen of the United States, residing at Fayetteville, State of New York, have invented a new, original, and ornamental Design for Casserole or Similar Article, of which the following is a specification, reference being had to the accompanying drawing, forming a part hereof.

Figure 1 is a top plan view of a casserole or similar article embodying my new design.

Figure 2 is a side elevational view.

Figure 3 is a bottom plan view.

Figure 4 is a partial sectional view on line 4—4, Figure 1.

The dominant feature of the design resides in a series of six groups of surface irregularities on the outer surface of the body, each extending upwardly from a point near the foot of the article and merging with the brim of the article, each group consisting of two rounded V-shaped projections separated by two wide curvilinear shaped projections meeting in an oppositely disposed V-shaped groove in the center of each group, and a similar group of such projections formed in the edge of the brim of the article in registration with each group formed in the body as shown.

I claim:

The ornamental design for a casserole or similar article, as shown and described.

R. GUY COWAN.
