(57) **CLAIM**

The ornamental design for a display screen with graphical user interface as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface showing our new design. The exterior even-length broken lines illustrate the boundary of the claimed design and portions of a display screen and form no part of the claimed design. The remaining even-length broken lines illustrate portions of the graphical user

(Continued)

interface and form no part of the claimed design. The broken line text forms no part of the claimed design.

1 Claim, 1 Drawing Sheet
