UNITED STATES PATENT OFFICE.

EUGENE LENGER, OF WALLINGFORD, CONNECTICUT, ASSIGNOR TO THE R. WALLACE & SONS MANUFACTURING COMPANY, OF SAME PLACE.

DESIGN FOR A BACK FOR BRUSHES, &c.

SPECIFICATION forming part of Design No. 28,168, dated January 19, 1898.
Application filed November 19, 1897. Serial No. 656,643. Term of patent 7 years.

To all whom it may concern:

Be it known that I, EUGENE LENGER, of Wallingford, in the county of New Haven and State of Connecticut, have invented a new Design for the Backs of Brushes, Mirrors, &c.; and I do hereby declare the following, when taken in connection with the accompanying drawing and the letters of reference marked thereon, to be a full, clear, and exact description of the same, and which said drawing constitutes part of this specification, and represents a face view of a brush or mirror back embodying my design.

This invention relates to a design for the ornamentation of the backs of brushes, mirrors, and similar articles; and the design consists in the configuration and ornamentation of the handle, as hereinafter described, and shown in the accompanying illustration.

As herein shown, the design consists of an oval back and elongated handle. At the lower end the back is ornamented by a floriated cluster A. The outer edge of the back is bordered by long narrow scrolls B, which follow the outline of the handle. Within this are two reversely-curved foliated scrolls C, springing from the cluster A and meeting at the upper end of the back, where they are connected by a foliation D. The panel E, inclosed by the scrolls C, is raised. The upper end of the handle is ornamented by a scroll ornamentation F, forming a continuation of the lower end of the cluster A, and by reversely-curved scrolls G, extending downward from the scroll F and inclosing a raised panel H, the lower end of which is ornamented by scrolls I and convolutions J, all as shown in the accompanying illustration.

I claim—
The design for a back for brushes, mirrors, &c., as herein shown and described.

In testimony whereof I have signed this specification in the presence of two subscribing witnesses.

EUGENE LENGER.
