(57) **CLAIM**

The ornamental design for a pair of golf gloves, as shown and described.

**DESCRIPTION**

FIG. 1 is a back perspective view of the pair of golf gloves of this invention;  
FIG. 2 is a plan view of the back thereof;  
FIG. 3 is a plan view of the front thereof;  
FIG. 4 is a thumb-side elevation view thereof;  
FIG. 5 is a small-finger-side elevation view thereof;  
FIG. 6 is an elevation view of the closed finger-tip end thereof; and,  
FIG. 7 is an elevation view of the open wrist end thereof.  
The logo appearing on the closure flap of the gloves shown in lighter broken lines, as well as the circle in which it is enclosed and all other lighter broken lines, are features representing environmental subject matter that form no part of the claimed design. All remaining dashed lines are representative of stitching that forms part of the claimed design. The different stippling shown on the back portion and closure flap versus the stippling in the other regions of the back portion and front portion of the gloves indicates a contrast in appearance between the respective regions.
