[57] **CLAIM**

The ornamental design for an automotive telephone handset, as shown and described.

DESCRIPTION

FIG. **1** is a left side, top and front perspective view of an automotive telephone handset showing our new design;

FIG. **2** is a top plan view thereof;

FIG. **3** is a bottom view thereof;

FIG. **4** is a front elevational view thereof;

FIG. **5** is a rear elevational view thereof;

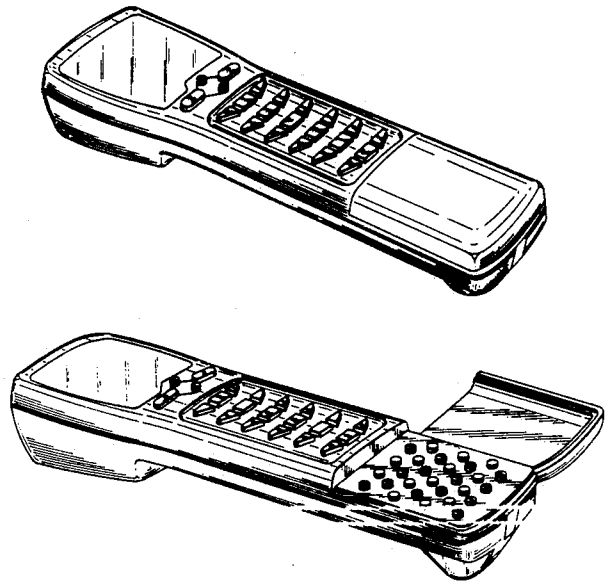

FIG. **6** is a left side elevational view thereof;

FIG. **7** is a right side elevational view thereof;

FIG. **8** is a sectional view taken along line VIII—VIII in FIG. **2**;

FIG. **9** is a front top and left side perspective view depicting a state of rotating a key cover and showing a key pannel; and,

FIG. **10** is a perspective view thereof, the broken line showing of displayed information being for illustrative purposes only.
