United States Patent

Combined Keyboard Tray and Wrist Rest

Assignee: Herman Miller, Inc., Zeeland, Mich.

Term: 14 Years

Claims

The ornamental design for a combined keyboard tray and wrist rest, as shown and described.

Fig. 1 is a top perspective view of a combined keyboard tray and wrist rest showing my new design;

Fig. 2 is a top plan view thereof;

Fig. 3 is a side elevational view of the combined keyboard tray and wrist rest shown in a raised, extended position, the opposite side being a mirror image thereof;

Fig. 4 is a side elevational view of the combined keyboard tray and wrist rest shown in a lower, extended position;

Fig. 5 is a side elevational view of the combined keyboard tray and wrist rest shown in a lower, retracted position;

Fig. 6 is a front elevational view of the combined keyboard tray and wrist rest;

Fig. 7 is a rear elevational view thereof; and,

Fig. 8 is a bottom plan view thereof.

The broken line drawing of a support mount on all views is for environmental purposes only and forms no part of the claimed design.
