(57) **CLAIM**

The ornamental design for dental floss device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a dental floss device embodying the new design;

FIG. 2 is a left side elevational view, the right side being a mirror image thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a perspective view of a second embodiment of the new design, wherein the dental floss device handle is generally transparent;

FIG. 6 is a left side elevational view of the second embodiment, the right side being a mirror image thereof;

FIG. 7 is a top plan view of the second embodiment; and,

FIG. 8 is a bottom plan view of the second embodiment.

The broken lines in the drawing are for illustrative purposes only and form no part of the claimed design.
