(54) Title: SECURITIES QUOTATION DISPLAY METHOD AND SYSTEM

(57) Abstract: A method and system for displaying information related to securities to a user. receiving quote updates information. Received quote update information (406) and the quotes stored (402) in the are compared via one or more criteria. For bid quotes, a first criterion includes determining if a quote stored in the memory is greater than the price of a quote update (410). For ask quotes, the first criterion includes determining if a quote stored in the memory is less than the price of a quote update (410). A second criterion includes use of a timestamp (408). Quote modification may include change of display color or font style.
