[57] CLAIM

The ornamental design for a public telephone enclosure or the like, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the basic form of our design for a public telephone enclosure or the like wherein the enclosure has rounded rear corners; FIG. 2 is a side view of the basic form, the opposite side being substantially a mirror image thereof; FIG. 3 is a front view of the basic form; FIG. 4 is a rear view of the basic form; FIG. 5 is a perspective view of a second form of our design for a public telephone enclosure or the like wherein the enclosure has rectangular rear corners; FIG. 6 is a side elevational view of the second form, the opposite side being substantially a mirror image thereof; and FIG. 7 is a rear view of the second form. The broken line portions are shown for illustrative purposes only, and do not comprise parts of the design.
