CLAIM

The ornamental design for thermal insulating pot, as shown and described.

DESCRIPTION

The invention relates to a thermal insulating pot capable of retaining heat of hot water, which can be poured from the pot whenever a user wants it. A rear view is symmetrical with a front view, and thus it is omitted.

FIG. 1 is a front perspective view from above of a thermal insulating pot, showing my new design;
FIG. 2 is a front view thereof;
FIG. 3 is a right side view thereof;
FIG. 4 is a left side view thereof;
FIG. 5 is a top plan view thereof; and,
FIG. 6 is a bottom plan view thereof.
