**United States Design Patent**

Gresens et al.

**Description**

An ornamental design for a vehicle front bumper cover, as shown and described.

**Claim**

1 Claim, 5 Drawing Sheets

**Figure 1** is a front elevational view of a vehicle front bumper cover.

**Figure 2** is a right side view of the vehicle front bumper cover.

**Figure 3** is a left side view of the vehicle front bumper cover.

**Figure 4** is a top plan view of the vehicle front bumper cover.

**Figure 5** is a bottom plan view of the vehicle front bumper cover.

**Figure 6** is a rear elevational view of the vehicle front bumper cover.

The vehicle front bumper cover is styled independently of adjacent vehicle panels. To the extent that any feature lines are illustrated, they are intended to illustrate the crest and valley of the feature and are not necessarily sharp bends in the part. Any functional features of the vehicle front bumper cover are not claimed. Views are orthogonal projections unless otherwise noted. The views are not necessarily to scale to better illustrate details.
