(57) **CLAIM**
I claim the ornamental design for a disposable medicine cup with infection control tab, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a new design of a disposable medicine cup with infection control tab.
FIG. 2 is a front perspective view of the new design of a disposable medicine cup with infection control tab, shown in a condition of use with the tab being separated at the perforation.
FIG. 3 is a front view of disposable medicine cup with infection control tab.
FIG. 4 is a top view of the disposable medicine cup with infection control tab.
FIG. 5 is a right side view of the disposable medicine cup with infection control tab, the left side view being identical thereto.
FIG. 6 is a bottom view of the disposable medicine cup with infection control tab; and,
FIG. 7 is a rear view of the disposable medicine cup with infection control tab.
The broken lines in FIGS. 1, 4, 6 & 7 depict a perforation on the tab.
