(54) **Working table top for electric household appliances.**

(57) A working table top for mounting on an electric household appliance is provided, comprising a fiberboard panel 10 lined with plastic laminate sheets 11, 12, preferably of a melamine resin or the like, and a peripheral cornice 13 formed of a thermoplastic material, preferably ABS.

The borders of the cornice (13) are coplanar with the surfaces of the laminate sheets (11, 12) secured respectively to the upper and lower surfaces of the fiberboard panel (10).

Means may be provided for adjustably mounting the working table top on the upper portion of an electric household appliance.
