UNITED STATES PATENT OFFICE.

AUGUST WUENSCH, OF NEW YORK, N. Y.

DESIGN FOR BOXES.

Specification forming part of Design No. **11,057**, dated March 4, 1879; application filed January 27, 1879.
[Term of patent 7 years.]

To all whom it may concern:

Be it known that I, AUGUST WUENSCH, of the city, county, and State of New York, have invented a certain new and original Design for Boxes, of which the following is a specification:

The nature of my design consists in giving the face of the box the form, configuration, and outline shown at A in the accompanying drawing, the same projecting at points beyond the edges of the box-body, and representing a clock-front, and in forming on such front a calendar in the shape of a clock-dial, B, provided with hands or pointers C. The complete design is shown clearly in the accompa-

nying drawing, to which reference may be had for its several features.

I claim—

The design for boxes, consisting of the face A, with projecting moldings, the calendar B, and hands C, as herein described, and as illustrated in and by the accompanying drawing.

In testimony whereof I have hereunto signed my name this 25th day of January, 1879, in presence of two subscribing witnesses.

AUGUST WUENSCH,

Witnesses:

M. H. TOPPING,
WILLIAM JARDINE.
