- (54) **Title:** EPISODE PICKER

FIG. 2

(57) **Abstract:** A selection of a media content item having at least one set of episodes is received. Each of the at least one set of episodes is displayed as a user-selectable element in a user interface. A selection of a user-selectable element corresponding to a set of the at least one set of episodes is received. The display of the selected user-selectable element is expanded to display the episodes of the set within the selected user-selectable element, with each episode of the episodes of the set being represented by an additional user-selectable element. A selection of an episode from the set of episodes is received. At least one content source from which the selected episode is available to be retrieved is displayed. A content source of the at least one content source from which the selected episode is to be retrieved is received.

INTERNATIONAL SEARCH REPORT

International application No.
PCT/US2012/040045**A. CLASSIFICATION OF SUBJECT MATTER****H04N 21/472(2011.01)i, H04N 21/43(2011.01)i**

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)

H04N 21/472; G06F 3/048; G06F 3/00; G06F 17/30; H04N 7/14; G06F 13/00

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Korean utility models and applications for utility models

Japanese utility models and applications for utility models

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)

eKOMPASS(KIPO internal) & Keywords: episode, user-selectable element, user interface, display

C. DOCUMENTS CONSIDERED TO BE RELEVANT

* Special categories of cited documents:

"A" document defining the general state of the art which is not considered to be of particular relevance

"E" earlier application or patent but published on or after the international filing date

"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of citation or other special reason (as specified)

"O" document referring to an oral disclosure, use, exhibition or other means

"P" document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention

"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art

"&" document member of the same patent family
