UNITED STATES PATENT OFFICE

HENRY DREYFUSS, OF NEW YORK, N. Y., ASSIGNOR TO WESTERN CLOCK COMPANY, OF PERU, ILLINOIS, A CORPORATION OF ILLINOIS

DESIGN FOR A CLOCK CASE

Application filed April 20, 1931. Serial No. 39,571. Term of patent 14 years.

To all whom it may concern:

Be it known that I, HENRY DREYFUSS, a citizen of the United States, residing in the city of New York, in the county of New York and State of New York, U. S. A., have invented a new, original, and ornamental Design for Clock Cases, of which the following is a specification, reference being had to the accompanying drawings, forming part thereof.

In the drawings:

Fig. 1 is a front view of a clock case, showing my new design.

Fig. 2 is a side view of same.

An essential feature of the design is the symmetrical effect of the clock element and the base combined, produced by having fluted bezel like faces on both the front and the back of the clock element, which is centrally positioned on a two stepped base.

I claim:

The ornamental design for a clock case, as shown and described.

HENRY DREYFUSS.
