54 **Road boundary marker.**

57 A road boundary marker (1) is provided with a support (1d) for a reflector (2) that extends laterally with respect to the vertical support structure of the road boundary marker. The latter is preferably made in a number of parts (1a, 1b and 1c) that can be dovetailed together (7). Of these the base part (1a) is provided with means for anchoring the marker in the ground.
