DESIGN.

F. YOKEL.
BASE FOR LAMPS.

No. 24,606. Patented Aug. 20, 1895.
UNITED STATES PATENT OFFICE.

FRANZ YOKEI, OF MERIDEN, CONNECTICUT, ASSIGNOR TO THE MERIDEN BRONZE COMPANY, OF SAME PLACE.

DESIGN FOR A BASE FOR LAMPS.

SPECIFICATION forming part of Design No. 24,606, dated August 20, 1895.

Application filed July 22, 1895. Serial No. 566,824. Term of patent 32 years.

To all whom it may concern:

Be it known that I, FRANZ YOKEI, of Meriden, in the county of New Haven and State of Connecticut, have invented a new Design for a Base for Lamps, (Case C) and I do hereby declare the following, when taken in connection with the accompanying drawing and the letters of reference marked thereon, to be a full, clear, and exact description of the same, and which said drawing constitutes part of this specification, and represents a perspective view of a base for lamps embodying my design.

This invention relates to a design for a base for lamps, and it consists in the configuration and ornamentation as shown in the accompanying drawing.

The base consists of four legs, terminating in upwardly-turned scroll-feet A, the legs connected by an elaborate system of scroll and leaf ornamentation. On each leg is a medallion B, surmounted by a grotesque mask C. The upper ends of the legs curve upward and inward, merging into a neck D, all as shown in the accompanying illustration.

I claim—

The design for a base for lamps, as herein described and shown in the accompanying illustration.

In testimony whereof I have signed this specification in the presence of two subscribing witnesses.

FRANZ YOKEI.

Witnesses:

WM. C. MUELLER,
HENRY T. KING.
