Claim

The ornamental design for a non-opaque light cover for a light fixture, as shown and described.

Description

FIG. 1 is a perspective view of a non-opaque light cover for a light fixture showing the new design;
FIG. 2 is a front elevational view of the light cover, the back, left, and right elevational views being identical to the front elevational view;
FIG. 3 is a top plan view of the light cover; and,
FIG. 4 is a bottom plan view of the light cover.
