## CLAIM

The ornamental design for a dispenser for liquids, as shown and described.

## DESCRIPTION

FIG. 1 is a front perspective view of a first embodiment of such design;
FIG. 2 is a side elevation thereof;
FIG. 3 is a front elevation thereof;
FIG. 4 is a top view thereof;
FIG. 5 is a bottom view thereof;
FIG. 6 is a partial upper front perspective view of a second embodiment of the design shown in FIG. 1 wherein the only difference resides in the contrasting metal cap;
FIG. 7 is a top view of such second embodiment;
FIG. 8 is a partial front elevation of such second embodiment, all remaining portions being the same as in FIG. 3.
