CLAIM

The ornamental design for a computer display with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is the first image in a sequence for a user interface for a computer display with animated graphical user interface; FIG. 2 is the second image thereof; FIG. 3 is the third image thereof; and, FIG. 4 is the fourth image thereof.

The appearance of the animated user interface sequentially transitions between the images shown in FIGS. 1-4. The process or period in which one image transitions to another forms part of the claimed design.

The broken line showing of a computer display and elements of a user interface is included for the purpose of illustrating portions of the article and forms no part of the claimed design.
